SIMATS ENGINEERING

Respected Parent

Warm Greeting from Saveetha School of Engineering, SIMATS, Chennai.

L KONDAREDDY has completed 34 courses till February 2026 end semester examinations. He is advised to keep the attendance above 80% which makes her eligible for appearing end semester examination.

He is a sincere and motivated learner who carries out his responsibilities with dedication and perseverance. He readily accepts assigned tasks and completes them with concentration, reflecting both self-assurance and capability. His considerable potential is evident, and with appropriate guidance and sustained effort, he is well equipped to achieve notable success. As wisely stated, true progress lies not in material possessions but in disciplined effort and purposeful use of one's abilities. In this context, students are encouraged to remain attentive in their studies and maintain consistent attendance to avoid academic difficulties such as withheld results or course repetition. To ensure steady academic progress, it is strongly advised that your ward dedicate a minimum of two hours each day to revising classroom concepts and an additional two hours on weekends to reinforce current subjects. Alongside academic pursuits, the development of interpersonal and communication skills is equally essential for academic achievement and long-term professional growth.

Interest : Reading Books

Aim : Entrepreneur

To be improved

Overall performance

: Interacting Skill

: VERY GOOD.

Thank you for your continued support and cooperation.
